

Support with reading and spelling, dyslexia support

There is a growing need for support with reading and spelling in view of the increasing number of bilingual and multilingual pupils at the DSL. The range of support has increased steadily over the last few years. Our task is to provide reading and spelling support during extra lessons (LRF) for pupils in Years 1-6 and flexibly for Years 7-12.

In this context we provide pupils, teachers and parents with information and advice. In addition we develop individual exercises (1:1 support) and provide support material if necessary for work on individual areas at home.

Responsibilities:

LRF: Louisa Linde, Louisa.Linde@dslondon.org.uk
